SUGGESTED PROJECTS

That a member may request support from the group in terms of financial support,what he/she needs to do is to come up with a business idea share it with the committee then analysis done by the committee and in return he/she will pay back the money with 5-10% Depending with the project.

This initiative is subject to discussion,it's goal is to boost someone(member of Tambul hustle youth group)to a better level of life.

MONTHLY CONTRIBUTION

The members agreed that the amount will remain at 200/-

They also agreed that any other payment required in the group is paramount..it was noted that some members prioritize the monthly contribution and give less attention other payments i.e Welfare,Loans E.t.c.

Going forward, Monthly contribution will be deducted if one fails to honour other the other payments.

The dateline for this remains 10th of every Month.
